# IGNITES

**INSPIRING • GLOBAL NETWORKING • INNOVATING**  
THROUGH  
**TALENT • EMPLOYABILITY • SIMULATION**

Sunway TES Centre for Accountancy Excellence (CAE) recognises the importance of a future that sparks. As the CAE, our vision is that Sunway TES continues to be the cornerstone of educational sustenance and networking resource for our students and graduates, without exception, lifelong.

IGNITES is borne out of the aspiration to distinguish, highlight and develop our students and alumni who traverse our doors. Established specifically as a pillar to the ACCA programme, IGNITES is positioned as a comprehensive Students and Graduates Development Programme, and an addition to the well-established Academic Excellence, Pass Rates and Platinum Status; of Sunway TES.

Though still in its infancy as it was formed in April 2022, IGNITES vision is to 'Spark Your Future' by being the confluence of inspiration, global networking and innovation in the accounting fraternity. Through a multitude of avenues, we capitalise on talent and interaction; organise career enrichment programmes that respond dynamically to market requirements; and conduct simulations that encapsulate real-world scenarios; to ensure our students and graduates are employment-ready.

## SUNWAY TES - ACCA GLOBAL AUDIT SIMULATION

Together with ACCA Malaysia and with support of the International Professional Services Firms (Big 5), the Global Audit Simulation triumphs as an exclusive opportunity for participants to translate academic learnings into a practical experience through a simulated external audit.

Participants will be equipped with the fundamental skills, gain insights to industry demands, exposed to audit methodology and their presentation reviewed by one of the Big 5 firms.

## THE INDUSTRY INSIGHTS

Catered towards ACCA Strategic Professional Level students, The Industry Insights series endeavours to bridge the gap of academic learnings with current industry practices through industry experts' sessions.

## COMPETITIONS

Actively harnessing, cultivating and showcasing talent amongst our students by inspiring and supporting their participation in various competitions promoting self-development and honing skills.

## SUNWAY TES ALUMNI

Connecting our alumni to the support, love and camaraderie of their lecturers, fellow alumni and alma mater through entertaining and fruitful networking sessions bearing collaborative opportunities. We are proud of our large pool of alumni in diverse fields.

## PARTNERSHIP WITH THE BIG 5

Fostering a synergistic relationship with BDO, Deloitte, EY, KPMG and PwC, we have a shared vision to support and elevate the accounting industry and community through various endeavours.

It is our vision that IGNITES instils a sense of pride and belonging in our students, graduates and alumni; and that together we may ignite change and spark your future!

# CFAB

## Certificate in Finance, Accounting and Business

CFAB provides essential knowledge in the fundamentals of finance, accounting and business. This unique approach allows both classroom studies and practical work experience, and offers a holistic learning experience equipping you with relevant skills to be an adept Chartered Accountant.

CFAB can be used as an entry route into the ICAEW programme as students can progress to and obtain the prestigious ACA qualification right after high school.

# ICAEW

## The Institute of Chartered Accountants in England and Wales

The ICAEW is the largest professional accountancy body in Europe. The ICAEW ACA qualification is highly regarded globally as one of the leading business and finance qualifications, and is recognised and valued in practice, industry, commerce and the public sector globally.

Seamlessly merging examinations with practical on-the-job training, it fully equips you with all the relevant experience, skills and professional knowledge to make sound decisions in genuine business environments.

ICAEW is one of the founding members of the Global Accounting Alliance. This is an agreement between leading professional accountancy bodies in significant capital markets. It was formed in 2005 in response to the emerging challenges of globalisation. The GAA promotes quality professional services, global membership support, information sharing and collaboration on important international issues.

## FOR NON ACCOUNTING GRADUATES

You don't need a background in accountancy or business-related subject to study for the ACA. In fact, only 18.5% of ACA students globally are from the Accounting and Accounting & Finance background. It does help if you are competent with numbers and confident in your ability to analyse, discuss, argue and present a case.

## CREDIT FOR PRIOR LEARNING

If you have an accounting or business-related degree, you may apply for credit / exemption from an ICAEW exam module.

Please visit [www.icaew.com/cpl](http://www.icaew.com/cpl) for more information on credit / exemption arrangements.

## THE ACA EXAM STRUCTURE

### CERTIFICATE LEVEL

Certificate level papers introduce you to the core concepts underpinning accountancy.

- Accounting
- Assurance
- Management Information
- Business, Technology and Finance
- Principles of Taxation
- Law

### PROFESSIONAL LEVEL

Professional level papers is where you can demonstrate how you can develop and apply technical knowledge and skills.

- Financial Accounting and Reporting
- Audit and Assurance
- Financial Management
- Tax Compliance
- Business Strategy and Technology
- Business Planning: Taxation

### ADVANCED LEVEL

The Advanced Level is where the ACA demonstrates its world-leading quality. The modules will stretch you to adopt a multi-disciplinary approach and prove that you can use judgment as well as technical and analytical skills.

- Corporate Reporting
- Strategic Business Management
- Case Study

The Case Study, which is based on a Harvard Business School model, will test your professional skills in the context of a specific business issue and challenge you on multiple areas of the syllabus.

Ethics, technical work experience and initial professional development are integrated throughout both stages. This supports your business decision-making and puts your learning into context.

**CHOW PHENG SUM**  
Senior internal auditor,  
Natwest Group PLC, UK

There are two parts of the ICAEW curriculum that I believe helped most in both my past and my current roles: critical thinking skills and soft skills. I do think that the curriculum does develop more soft skills and critical thinking skills as compared to pure technical accounting knowledge.

# What training is needed to complete the ACA

The ACA is both rigorous and challenging. But that's why our chartered accountants are always in demand.

The ACA qualification combines study and exams with 'on-the-job' experience. You'll be based with an employer, doing real work and earning a salary as you train. It normally takes three to five years to complete, depending on the route you take. You'll need to find an authorised employer to support you and enter into a training agreement with them.

The training agreement will outline the support you'll receive during training and will include details about tuition, study leave and mentoring.

In addition to giving you time out of the office to study, your employers will pay for your tuition with a dedicated provider and also pay for your exam and student registration fees.

You'll need to successfully complete the ACA qualification before you can apply to become a member of ICAEW. Once this is approved, you can use the letters ACA after your name and will be recognised as an ICAEW Chartered Accountant.

**NG JIN WEI**  
PwC Middle East, Dubai

I believe the ICAEW qualification helped me in securing my current role as employers recognise the qualification that I hold. Having an ICAEW qualification is a testament that one has the technical knowledge and capabilities to perform the role; it all boils down to your soft skills when trying to secure an overseas opportunity. There were no complications in having the ICAEW qualification recognised, in fact, many will be impressed that you have the qualification!

## HOW IS THE ACA QUALIFICATION STRUCTURED?

The ACA qualification is made up of four elements which provide students with a combination of finance knowledge, accountancy skills and real-world business experience.

They are:

- 1 450 days of practical work experience** – offering invaluable insights into the realities of a career in chartered accountancy.
- 2 15 exam modules** – covering a broad range of topics including: financial management, law, assurance and business strategy.
- 3 Professional development** – preparing you to successfully handle different situations that you'll encounter throughout your career.
- 4 Ethics and professional scepticism** – providing you with the skills to work under close scrutiny and be confident you are making the right decisions.

**TAN CHEE YUN**  
Financial Planning & Analysis  
Assistant Manager for  
Lee Kim Tah Holdings  
Limited Group

The ICAEW qualification helps me to master key technical and management skills required by a chartered accountant not only limited to accounting but also for taxation, auditing, law, business, financial reporting, and ethics. Aside from this, once we are qualified, there are many training opportunities and webinars that the ICAEW offers, including ICAEW Daily via email, to ensure we keep up to date with technical developments and have the necessary continuing professional development (CPD).

“I believe that ICAEW is the greatest pathway to pursue a qualification in accountancy due to its accelerated pathway. I was recommended by my family to pursue ICAEW in Sunway TES as it is a well-known professional accountancy institution and the lecturers are very experienced.

This is proven during my studies as the lecturers always conduct the lectures in a way which is simple to understand and are willing to solve the students' queries. Although ICAEW is a challenging course, the high passing rate and impressive numbers of world prize winners at Sunway TES gave me confidence in my journey of pursuing ICAEW.”
